WHAT OUR CLIENTS SAY

As a student support and career services professional, I aim to share this knowledge with students, helping them to confidently navigate the professional world.

Sophie

The skills I gained have empowered me to teach etiquette more effectively, promoting respect, kindness, and professionalism among our youth, and have also instilled a profound sense of self-confidence in our students.

Richard

Attending The Etiquette Institute certificate program was a great learning opportunity for me. The sessions were engaging and enlightening. I enjoyed the dynamic interactive group experience.

Adeola

The approach to manners and etiquette was perfect! Never did I feel that the presenter was coming from a lofty or judgmental place but that the goal of all of this is respect for others — and to make EVERYONE feel comfortable in whatever setting they may find themselves — the ultimate in inclusion and belonging.

Carrie

ABOUT THE ETIQUETTE INSTITUTE

Established in 2002, The Etiquette Institute has certified nearly 600 etiquette consultants - 30% from higher education. The Institute is currently led by O. Ray Angle, a nationally recognized career services leader with over 35 years of experience. The Etiquette Consulting Certificate is co-branded by Gonzaga University and The Etiquette Institute.
